ABOUT ME

I am a Mern-Stack developer skilled in creating both static and dynamic user interfaces utilizing the MERN stack and Next.js. I excel in enhancing user experiences and implementing efficient server-side logic with Firebase and Express.js. My goal is to deliver innovative solutions that focus on the needs of users while maintaining a strong technical foundation.

EXPERIENCE

Internship (MERN Stack Developer)
Jafferjees Pvt Ltd.   1-Aug-2024 - 16-Dec-2024

- Developed key HRMS modules using the MERN stack.
- Designed an interactive employee induction form for seamless onboarding.
- Built salary management features (allowances, deductions, increments, bonuses, advances, loans, returns).
